JACKSONVILLE A SUCCESSFUL WINTER MEETING.

w York Horses and Owners Chiefly Rede Tampa Suffers From Confliet-Oakland and Juarez Experiments-Big Backing for Boca Grande

Of the four winter race meetings under er the management of Curley Brown, probably be the most successful if the only one to show a balance on the right, side of the ledger when the sport winds up in March. New York horsemen ree players have made Jacksonville ie as far as racing goes and as the ne passes it becomes more evident that setter quality of racing material and more tting will help to establish this meeting nament attraction in Florida.

The Tampa people do not expect to make ey, but they feel confident of breaking ven. They have a well appointed race-ourse, with Patrick Dunne as presiding

Oakland, owned by Thomas H. Williams, fighting hard to keep racing alive in Cali-Walker-Otis law. Williams is prepared o lose a large sum of money in maintaining he sport until such time as the Legislature y see fit to provide a remedy.

The oral betting system has been tried at Oakland with fair success. The attendance has been comparatively small, but there are no free badges and purses have been out. Not more than a dozen is yers have been out. Not more than a dozen is yers have been in line so far and betting has been very light. Many test cases are pending in the courts and if favorable verdicts are returned the game will recover its lost popularity, it is thought, although betting will have to be carried on entirely under new methods.

Juarez, in Mexico just over the border from El Paso, has been a disappointment of far. The weather conditions have been very unfavorable, it is true, and the rival meetings also have hurt. If Juarez was able to conduct a winter meeting without opposition anywhere there is no doubt that the venture would be a success in every way. Under the present adverse conditions it is conceded that the new Mexican track, built at an outlay of \$600,000 and projected by Americans, will be run this winter at a lar loss.

Hat Woodford of Kentucky says he will match the two-year-old colt Boca Grande against any three-year-old in America at even weights next season and will het 10,000 on the result. He says the colt will surely win the Kentucky Derby and will take the measure of James R. Keene's Sweep and C. L. Harrison's Waldo if he happens to meet them in stake engagements.

Woodford bases his opinion on a race run by Boca Grande at Latonia last fall, when he picked up 114 pounds and turned then he picked up 114 pounds and turned inflie in 1.39 1-5; winning to hand. When loca Grande started in several races at the coal tracks last season he was not regarded

Mr. Keene will probably enter Ballot in all the big Eastern handicaps for next sasson, and it is believed that W. S. Vosschievements here in 1908, will allot top weight. Ballot is wintering well at Sheepshead Bay and Trainer Rowe thinks he will be as formidable as ever.

E. R. Bradley will doubtiess manage the racing stable to be campaigned by James Butter in 1910 and W. Hurrey will be the trainer. Bradley has sone good colls and filles who will soon be two-year-olds, and some of them presumably are owned by Butter. In the list are the following: Chestrut colt, by Kock Sand-Philistia, dam of Phil Finch, chestnut colt, by Adam—Tarpeia II., dain of John Peters; chestnut colt, by Urlando-Sweet Alice; chestnut colt, by Holstein-Darlene; bay colt, by Sempronius-Miss Jordan; chestnut filly, by Holstein-Rose Mary Kane; bay colt, by Golderest-Maudina; bay colt, by Garry herrinann-Performance; chestnut colt, by Blandart-Domino Noir; chestnut colt, by Blandart-Domino Noir; chestnut colt, by Blandart-Domino Noir; chestnut colt, by Betvidere-Madge Stuart, and Compliment, a chestnut colt by Ort Wells-Adeek.

Battling Nelson has notified Promoter decarey of Los Angeles that he will not neet Ad Wolgast in a forty-five round bout Arcadia on February 22 unless he gets \$13,000 guarantee, win, lose or draw. Selson is wary of Wolgast, who has suddenly loomed up as a dangerous light-weight.

Stanley Ketchel, who is making daily announcements as to his future ring plans, now says he will soon go to London prepared to meet Tommy Burns in a twenty round bout at catch weights before the National Sporting Club and that if he wins he will be ready to take on Sam Langford in a similar contest.

similar contest.

Ketchel declares that after he has whipped both Burns and Langford he will go to Australia to clean up Lang, Squires and Fitzsimmons, after which he will come back to America prepared to fight again for the heavyweight championship of the world. It will not be at all surprising if Ketchel announces entirely different plans in the near future.

Charles Dooley, manager of the Utica club of the New York State League, who recently sold Outfleider Madden to the Highlanders, says this young player is a star. Dooley tells this story to illustrate Madden's fleetness of foot.

"Last summer in a game between Utica and Albany Madden made a wager of \$10 with Buck Freeman of the latter team that he could score from first base on any kind of a base hit to right field when Freeman was playing. The chance came in the aixth inning, when Madden beat out a bunt The next batsman dropped a single just out of Freeman's reach and Madden was on his way. When Freeman pleked up the ball Madden was at third base and he crossed the plate just as Buck's throw reached the plate. Madden is one of the best young players ever developed in New York State. He reminds me of the late

Mike Griffin, once with the Brooklyns, and unless I'm wrong he will be one of the Highlanders' regular outfielders as soon as the championship aesson begins."

Owen Moran, the English pugilist, predicts that Jack Johnson will defeat Jeffries and gives as a reason the fact that Jeffries will be unable to recover his old form after an absence of five years from the ring. Hugh McIntosh of Australia is another Johnson boomer. He is telling Sydney sporting men that there isn't a pugilist in the world who can put the big negro champion to sleep.

The officers of the Orphans Day Automobile Outing met recently and made preliminary arrangements for the next celebration in this city. This outing was first started in this city by W. J. Morgan and has since spread to many other cities in the country. Among those present at the meeting were Col. Kirby C. Pardee, Gen. John T. Cutting, C. William Wurster, Frank J. Griffin, W. J. Morgan, Aiex Schwalbach and R. Newton.

Col. Pardee, president of the Orphans Automobile Day Association, presided. The secretary and treasurer made their reports, which showed that the association had paid all its bills and there is still a balance of \$200 in the treasury as the start of funds to defray the preliminary expenses for the next outing, which will be held some time next dune.

Gen. Cutting suggested that steps be taken at once to arrange plans for the next outing and that the ladies' auxiliary committee be requested to proceed at once in the work of securing the promises of owners of cars to loan them for the day of the event. Hugh Chalmers, president of the Chalmers-Detroit Motor Company, offered to feed the children last summer and will have the first opportunity to provide lunches at the pext outing unless President W. H. Reynolds of Dreamland again asserts his right to provide the lunches for the children, as he did lest summer.

CROSS-COUNTRY RUNNING. Glencoe A. C. Pack Hold Regular Rur Through Slush and Snow.

Through driving sleet and over snow-drifts knee high the Glencoe A. C. hill and dale pack covered the usual course of three and three-quarters mile yesterday. Those who did tackle the unsavory job of running barelegged for a distance in such weather were ten in number and they came in for some nasty spills.

The start was from the clubbourse at 198th

Island Boulevard and was stopped so often by bicycle policemen last spring and summer and asked why she did not have a chauffeur's license that he wrote to Secretary of State Samuel S. Koenig to find out whether he must get a chauffeur's license for his daughter.

The Secretary of State replied to Mr. Schwalbach's letter and said he did not wish to put himself on record as giving an official interpretation of the State motor vehicle law, but would refer the case to Attorney-General O'Malley and advise Mr. Schwalbach what Mr. O'Malley had to say. The latter's reply was as follows:

The start was from the clubhouse, at 126th street near Second avenue, and the route was over the Willis Avenue Bridge to the sway over the Willis Avenue Bridge to the southern Boulevard as far as 183d street and back. George Cuneo of the St. George A. C. led the heroes for about half a mile, when he went ploughing into a snow bank head first. Frank McCullough of the Glencoe A. C. then took up the running and made the pace the rest of the way.

He won by about a city block from E. Burris of the St. Ann's A. C. After Cuneo crawled out of the snow he pegged away after the pack and finished in third place. Three of the ten who ventured on the arctic chase had to be helped back. CAN VOTE BUT DO NOT.

How Massachusetts Women Neglect the Ballot-Box.

BOSTON, Mass., Dec. 27.—Of the seven hundred thousand women in this State who are entitled to vote for members of the school board, less than 14,000 exercised their priv-liege at the last elections—a falling off of over 3,000 from the vote of 1908.

To the masculine mind the educational in-terests of the community would seem to be the special province of the wives and mothers, and that only four out of each one hundred women voice were cast, is too much of a problem to be solved off-hand.

As a parallel case of indifference or neg-lect, it is fair to assume that 95 per cent. of both men and women who suffer from acute or chronic dyspepsia, or other forms of indi-gestion and mai-nutrition, neglect to exercise the privilege of curing the lile they complain of by timely and sensible attention to the well-known symptoms of Catarrh of the

To the thousands who have used the fa-mous free prescription by Dr. Hoffman, the noted Berlin Specialist—frequently published in the newspapers on both sides of the ocean—this neglect of so simple a remedy is one of those mysteries "no fellow can find out."

in a majority of cases the use of Dr. Hoff-man's formula removes the cause of many forms of stomach troubles. The formula is:

l ounce blearbonate of soda, ¼ ounce "Bis-lac" (in original sealed package), 1 ounce light calcined magnesia. Mix thoroughly on a clean sheet of paper, take a teaspoonful half an hour after meals and before bed time with half a glass of bot
